

Pre-Requisite (Summer) Reading for Honors/Enriched English Classes
SY 2018-2019

Mrs. Keya Wilson keya.wilson@sumnerschools.org
Ms. Glenda Hart glenda.hart@sumnerschools.org

In order to encourage students to continue reading over the summer, and to help teachers pre-assess students' strengths and weaknesses, all students enrolled in Honors, Enriched, and Advanced Placement English classes will be assigned reading over the summer.

10th Grade Honors – *Lord of the Flies* by William Golding

- Teachers will assess students by in-class writing assignment within the first three days of school. The MLA formatted writing assignment will focus on the characters of Jack and Ralph and/or the symbolism of the conch and require evidence from the text to support a claim.
- Students are encouraged to annotate copies of the novel (highlighting with notes, sticky notes, etc). If this is not possible, keeping a dialectical journal is a good option. Students will be allowed to use annotated novels and/or journals on the assessment, but these are not required. (See attached instructions about how to create a Dialectical Journal.)
