Re: Commitment to Graduate Ceremony for all GHS Freshmen

Dear Parents,

This letter is to inform you of a very important ceremony that is going to take place on October 17, 2017, at GHS in the gymnasium. The Commitment to Graduate Ceremony will start at 6:00 p.m. We encourage you to please be present to support your student's choice to commit to graduate from GHS in 2021.

The ceremony will consist of a brief opening talk by the Freshman Academy principal and former GHS students, followed by the freshman class coming up and committing to their performance to excel academically at GHS. Students will sign the Commitment to Graduate banner that will be displayed at the entrance of the Freshman Academy.

I encourage you to come out and support your child in this ceremony. Freshman year is a very pivotal year for our students and we want them to know that the faculty and staff of GHS supports them in this journey. We want more than anything to watch them walk across the stage when their time comes.

I look forward to meeting you, and I will see you on October 17.

In Green Wave Pride,

Kristin Averitte  
Freshman Academy Assistant Principal
